| <b>Issue</b>   | <b>Recommendation</b>  | <b>Notes/Action Items/Resolution</b> |
| What are we doing in the fall to help students transition back to in-person learning? What are we doing to help students process the trauma they've experienced? What are we doing to not just return back to the "normal" of what we were doing pre-pandemic? | Can we form some sort of reopening committee that works to come up with a plan and supports for the fall? I also think it would be helpful towards the end of the year to give students a survey about what worked well for them during remote learning that they'd like to see continued during in-person learning, what they'd like to see changed from the way we used to do in-person learning, etc. |                                      |
