Issue	Recommendation	Notes/Action Items/Resolution
Teachers have noticed students cutting class by hanging out in the stairwell between the 2nd and 3rd floors by the math lab (Room 328). After the passing period ends, the 2nd floor hallway often has students milling about; teachers end up losing instructional time trying to bring students into classrooms after the bell has rung	Security could sweep that area periodically to reduce cutting. In the 30 second before the bell rings to end passing period, security, admin, and other staff in hallways can instill a sense of urgency in students to get to class & if needed, help get them to their classrooms	→ Email sent to Principal Thomas on 1/3 about stairwell
All coaches should get some sort of office space and storage space for equipment	Space in the gym or near the swimming pool lockers should be set aside for coaches to use.	→ Email sent to Principal Thomas on 1/3
Information about interventions happening outside of the classroom is not being shared, either via email or through Tiger Tracker. This is	Admin and deans utilize Tiger Tracker more regularly	→ Email sent to Principal Thomas on 1/3

particularly related to behavior concerns.		
Given the recent loss of instructional days near the end of the semester, we need to be intentional about how we are using the remaining instructional time; if we don't plan well, it will make the conversation about students failing the semester more difficult	In GLTs and/or departments, conversations should be had and ideas should be shared about how teachers can use the remaining days to maximize students' ability to finish the semester strong
